CONSTITUTIONAL CONVENTION.

The Tuscarora Times-Review howls as follows.

The Carson Tribune and some other papers in the State are urging the calling of a Constitutional Convention, a matter upon which the people of the State will be called upon to vote at the next general election. The Times-Review has for the last twelve years advocated a convention for the revision of the State Constitution, and has printed column after column of reasons for the necessity for such changes in that most unwieldly and incongruous instrument as experience proves cannot be effected by amendments submitted to the people through the medium of the State Legislature. The present instrument was adopted during the flush and booming times in Nevada and when there was every reason to believe that the population and revenue resources would increase tenfold within the succeeding decade of years. Instead of that, both have decreased more than one half, and nearly all of the conditions and circumstances for which our fundamental law was designed to fit, have long ceased to exist. It is impossible under the present constitutional restrictions for the Legislature to institute such reforms in State, county and municipal expenditure, as meet the requirements of the times in the abolishment of official sinecures and other leaks in the public treasuries Every bill which is introduced relating to some special county has to be made general in its provisions, and the circumlocution necessary to make it apply only to the section for which it is intended frequently results in such a muddle as to defeat the end for which the legislation was designed. Our judicial system is twice as costly as it should be or as there is any necessity for. The four District Judges could easily perform the duties now discharged by the Justices of the Supreme Court, and which would result in a saving to the people of the State of $18,000 a year. Three Judges perform these duties in Territories of four times the population of Nevada, and at less than half of the salaries received by our Supreme or District Judges. There are hundreds of reasons why a Constitutional Convention should be called, while not a single one can be urged against it except the expense The Times-Review has shown heretofore that the saving to the State in a single year under a constitution adapted to the times and present conditions would more than cover the cost of holding a convention, consequently the expense argument is not entitled to a moment's serious consideration. Probably at least nine-tenths of the voters of the State are in favor of holding a convention, but the difficulty is to get them to vote upon it. It requires a majority of all of the votes cast to carry, which practically makes every blank a negative ballot. That was what defeated it when the question was submitted to the people a few years ago. The ballots in nearly all of the counties were printed with the space left blank after the words "For a Constitutional Convention." In the bustle and excitement of a general election not half of the tickets were filled out, and although more than nine-tenths of those that were, were in the affirmative, the blank ones outnumbered them and so the proposition was defeated This year the State and County Conventions of both parties should adopt resolutions favorable to holding a convention and order the Central Committee to have the tickets printed in accordance herewith. That is the only way by which the necessary majority can be secured.

The citizens of Salt Lake Tuesday held a meeting in favor of free coinage of silver. One of the resolutions adopted says: "As silver was beaten down, not by the law of demand and supply, but by cruel legislation, we demand that the fetters placed upon it by that legislation shall be broken."

Mr. Newlands has received his deed from ex-President Cleveland for Oak View. The price is stated at $135,000, which is believed to be just about a round hundred thousand more than Mr. Cleveland paid for it just four years ago.

The Chinese under examination at Los Angeles for having crossed the line from Mexico are seeking to prove that they had been decoyed across the line by United States Marshals and arrested as soon as they had passed over.

It is reported that a vein of black marble has been found on a farm near Pinesatle, Va. The Baltimore Sun says that "being a fine jet, the marble is regarded as specially valuable, as there is none found elsewhere in the United States."

Samuel Strong, who died in Washington a week ago in the eighty-first year of his age, was an old California pioneer, and was at the time of his death engaged in a complicated lawsuit with General B. F. Butler.

The Attorney General of Kansas fears that the late decision of the Supreme Court in the Iowa original package liquor case, will prove "a serious if not a fatal blow to prohibition."

The Democrats have carried the municipal election at Tacoma by very large majorities. The leading Republican candidate was opposed by his own party papers.

The General Grant Fund at New York has finally reached $150,000, not over one-half of which was contributed in that city and State.

The reprieve granted Kemmler, awaiting electrocution at Auburn, stays the final taking off of four murderers at Sing Sing.

FRESNO, May 8.—Henry Sullivan, who is charged with the murder of J. M. Correck, at Temperance Flat, surrendered himself to the officers and was brought here. He denies all knowledge of the shooting. The Coroner's jury to-day decided that Correck was killed by some person unknown.

NEWS OF THE MORNING.

DISCUSSION OF THE TARIFF BILL STILL GOING ON IN THE HOUSE.

San Francisco's New Postoffice Site—The Silver Bill to Come up for Final Action Monday.

House Proceedings.

Special to the JOURNAL.

WASHINGTON, May 8.—The House went into a Committee of the Whole on the tariff bill.

Burrows, of Michigan, spoke in favor of the tariff bill. He said it was intended as a measure of protection. Free trade meant unrestricted competition; unrestricted competition meant cheap goods; competition in cheap goods meant cheap labor; competition in cheap labor meant cheap flesh and blood; competition in cheap flesh and blood was slavery. In this race for cheapness the Republican party did not propose to enter. In the last campaign the two parties had gone before the people with their respective theories on tariff legislation and the verdict rendered in favor of the Republican theory was so pronounced as to wrest the Presidency and the popular branch of Congress from the Democratic party. In the measure now pending the Committee on Ways and Means sought to execute the popular verdict and crystalize it into a law. The Democratic party was again going before the people with an appeal that they reverse their verdict.

McMillen, of Tennessee, who followed, replied to this by saying that at the last election there was a popular majority of one hundred thousand for the Democratic candidate. This provoked a political tilt between Milliken and McMillen which lasted some time.

At the evening session Dockery, of Missouri, said, in the last campaign the Republican party claimed that the farmers would be benefited by protection yet after the Republican victory there was a depression in agriculture greater than ever. This depression followed a great protective victory. He then proceeded to argue that it was not in the power of any tariff to raise the price of any agricultural product unless it could be seen it was brought into competition with a foreign article. If the farmer was to be relieved the Government must speedily reverse its policy regarding foreign trade.

McMillan predicted that when the Ides of November arrived there would go up from the Republican party a wail of defeat.

Bayne, of Pennsylvania, was opposed to any general discussion of the bill It should be passed immediately.

Flower, of New York, spoke against the bill and a recess wes taken until 8 o'clock.

Speeches were also made by Simonds, of Connecticut; Cooper, of Indiana; Kinsey, of Missouri, Pierce, of Tennessee; Stockbridge, of Maryland, Enloe, of Tennessee; Stewart, of Texas, and Brookshire and Shively, of Indiana. The House then adjourned.

Senate Proceedings.

Special to the JOURNAL.

WASHINGTON, May 8.—In the Senate today special consideration of the Silver bill was by unanimous consent postponed until Monday, when it will be taken up and not to be laid aside until final action is had.

Vest will offer a free coinage bill as a substitute for the pending bill.

The Territorial bills go over until after action on the Silver bill.

The Senate passed, without amendment, the House bill providing for the classification of worsted goods as woolens. It now goes to the President for his signature.

The Pension Appropriation bill, appropriating for the next fiscal year $97,090,761 was taken up. Amendments offered by Sherman and Washburne to increase the number of pension agents to twenty-one gave rise to a long discussion. A vote disclosed the absence of a quorum and the Senate adjourned.

San Francisco's New Postoffice.

Special to the JOURNAL

SAN FRANCISCO, May 8.—The Evening Post says Postmaster William Bryant and Col. John P. Irish, the two commissioners appointed by the Government to select a building site for the proposed new postoffice have finally agreed to recommend the property on Howard street between Second and the Hubbard property. It is directly opposite New Montgomery street, and a portion of it is now occupied be Church of Advent.

Not Guilty.

Special to the JOURNAL

SAN FRANCISCO, May 8.—The jury in the case of George C. Pratt, charged with an assault to murder for shooting L. L. Bromwell, President of the California Insurance Company, last January, returned a verdict to-day of "not guilty."

Gambling Houses Closed.

Special to the JOURNAL.

DENVER, May 8.—Every gambling house in the city was closed by the Sheriff last night and the proprietors were held in $300 bail this morning. It is the first time in many years that there has not been a gambling house open.

A Long Lost Man Found.

Special to the JOURNAL.

SAN FRANCISCO, May 8.—The Chronicle's special from Carson, Nevada, says: About two years ago A. S. Dickey, of Rowlands, was reported drowned in Lake Tahoe. His boat was found bottom-side up and a pair of oars and a hat scattered along the beach. He left a wife and child, and although active search was made for his body it was never found. On Wednesday last Budd Bliss, of this city, ran against him in Reno and recognized him. Dickey at first pretended he was some one else but finally acknowledged that he was indeed A. S. Dickey. He said he "faked" drowning because he had lost heavily at gambling and wanted to go away and hide his disgrace. He had $76 in greenbacks left and these he placed in a tin box belonging to his son and then taking a boat set out. He at first contemplated suicide but reconsidered his plan and left the boat and oars so that his family would think he had been drowned. He then walked to Glenbrook in the night and rode over the mountains. He had been all over the coast for two years getting work here and there and was always haunted by a fear of recognition. He had frequently met people he knew but Bliss was the only one who had recognized him. He was on his way to Salt Lake, and his wife and child were living with parties East. He said he had never communicated with his wife and she supposed him dead.

A Brilliant Scene.

Special to the JOURNAL.

LONDON, May 8.—The Royal Military Exhibition was opened to-day by the Prince of Wales. The scene at the opening was an exceptionally brilliant one, as the titled ladies who had each collected for the exhibition not less than £50 marched up the hall to the elevated dias, on which the Princess of Wales was seated and presented her the purse. Not the least interesting portion of the exhibition is the battle gallery, which in fact constitutes a graphic history of British arms since 1688. The great hall devoted to this branch of the exhibition is filled with pictures of battles, portraits, sculpture and relics, all emblematic of the military glory achieved by England within the last two hundred years. Most of those present will be entertained by the Baroness de Worms at an evening party.

Charleston, S. C., Remembers Its Namesake.

Special to the JOURNAL.

SAN FRANCISCO, May 8.—There has arrived in this city for the U. S. Flagship Charleston, a handsome silver punch bowl lined with gold, accompanied with the compliments of the citizens of Charleston, S. C., after which city the vessel was named. The gift bears the arms of the city and State with appropriate inscription.

The Army in Motion.

Special to the JOURNAL.

SAN FRANCISCO, May 8 —The First United States Artillery Regiment left the Presidio this morning for Oakland and at 2 o'clock this afternoon departed on a special train for New York. The batteries leaving today are seven in number and consist of 306 officers and men. Two batteries will remain here until relieved by the Fifth Regiment from New York.

Los Angeles' Advertising Schemes.

Special to the JOURNAL.

LOS ANGELES, Cal., May 8.—It is reported here that F. Gonzales, a prominent rancher near San Jacinto, has been arrested on a charge of strangling to death the illegitimate twin children to which his daughter gave birth over a year ago.

G. Cassallo, charged with stabbing and killing G. Valergo last night, was arrested this morning.

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other.

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." MRS. ELLA A. GOFF, 61 Terrace Street, Boston.

BREVITIES.

Wadsworth is all right.

Nevada is governed too much.

Cut down the State's expenses.

Jack Foulks was down from Verdi yesterday.

Tom Beer, of Virginia, was in town yesterday.

Is this the Spring weather Gen. Irish predicted?

Don't forget to elect delegates to the Silver Convention.

If you want a good time go to the dance at Verdi to-night.

Senator Foley returned from San Francisco yesterday morning.

Theo. Winters has gone East to see how the boys are doing with the Nevada stable.

Who will be the District Judge for Nevada should Judge Sabin die?

Mr. Gest, the Reno Manager of the N. & C., left for New York yesterday morning.

Gen. Irish should sit down on the weather, and attend to the duties of his office.

The Truckee river is all right. It fell 16 inches yesterday, and everybody smiled.

You pay your money and take your choice. The State Fair racing programme is already.

E P. Lovejoy intends to soon begin the erection of a large commodious lodging house at Wabuska.

In to-day's JOURNAL will be found a very interesting letter from Congressman H. F. Bartine addressed to District Judge T. H. Wells.

Mrs. J. F. Alexander came up from the Bay Sunday morning and will return to-night and sail for Spokane Falls, via Portland, on Sunday.

S. O. Thomas, of the Examiner staff, was in town yesterday investigating the the Von Schmidt Tahoe water chimerical impracticability.

Coroner Peers received a dispatch yesterday afternoon that the bodies of Jones and Dodge, recently drowned at Washoe Lake, had been recovered.

Jack McGrath, of the Susanville Advocate, and a jolly good fellow, came in from the upper country yesterday, accompanied by Mrs. McGrath, who went East to visit her parents.

D. O. Mills, now in San Francisco, is quoted as saying that the line of the Carson & Colorado railroad would be probably eventually extended to Mojave but he was not prepared to state how soon.

A drunken tramp tried to board the east-bound freight train last evening in the Reno yard, when he missed his hold and fell under the cars in such a way as to have one of his feet badly crushed. He was taken to the hospital where the foot will probably have to be amputated.

The Hawthorne Bulletin says the Walker river is running bank full and there is danger of the county bridge going out. It is also feared that the C. & C. railroad bridge at Mason station may go out unless the water lowers soon. Men are watching the bridge to keep drift wood from lodging against it.

GIVING UP ITS DEAD.

Two of the Bodies of the Washoe Lake Victims Recovered—Their Faces Mutilated by Ravenous Catfish.

FRANKTOWN, Nev., May 8.—The bodies of John Jones and Fred Dodge; two of the victims of the drowning disaster on Washoe lake were recovered this morning. They were floating on the surface some distance from the point where they met their fate.

The flesh from their faces and hands had evidently been eaten by catfish, as their faces were mutilated beyond recognition and the flesh on their hands gnawed away, leaving the bones exposed.

The Coroner at Reno was notified and has left for the scene. It is expected that the body of Henry George will be recovered in a few hours as the entire surface of the lake is being searched for it.

Pumping Machinery En Route.

The first installment of the pumping machinery for draining the Gold Hill mines has been shipped from San Francisco and is daily expected to arrive at the Crown Point hoisting works in Gold Hill. The station on the Sutro tunnel level of the Crown Point incline is ready for its reception and it will be put in position with as little delay as possible.

Another Nevada Railroad.

There is a general feeling in that city, says the Salt Lake Tribune, that at an early day a railroad will be started west from Salt Lake to tap the rich mining districts of Western Utah and Eastern Nevada. The road is to come by way of Deep Creek and around Kinsley District on to Cherry Creek, over the old Denver & Rio Grande Survey.

Area of Counties.

Ormsby county has an area of only 200 square miles—less than any county in the State. The next smallest in area is Storey, which has a total of 710 square miles, and Douglas 990. Lyon has an area of 1,490 square miles, Washoe, 6,700; Churchill, 10,040; Esmeralda, 8,070, and Humboldt, 15,470.

FREE COINAGE.

Mr. Bartine to Judge Wells.

HOUSE OF REPRESENTATIVES, U. S., WASHINGTON, D. C., April 7, 1890.

MY DEAR JUDGE:—Your letter of the 21st ult. reached me in due time and I thank you very much for the kind expressions contained therein. I fully appreciate the force of your suggestions in favor of free coinage and our people may rest assured that their entire delegation will leave nothing undone which is calculated to procure the passage of such a measure. Free coinage, in my judgment, is the only logical solution of the problem. The only way to determine the effect of any legislative measure is to try it, and I say it very frankly that nothing less will be satisfactory to me. But we may not be able to obtain so broad a measure. There are many people in the East who are inclined to be friendly to silver, but still shrink from free coinage. They have imbibed the notion that it is dangerous, and that something in the way of limitation is necessary. Many of them incline to the view that the issuance of notes upon bullion is preferable to actual coinage, and as a result we may be driven into a compromise. In Nevada, where everybody is in favor of coinage without limit, it is difficult to understand that anybody can be honestly opposed to it. But there are many honest people who have no knowledge of the philosophy of the question, and who are too deeply immersed in their own affairs to study it. When I say to them that free coinage is a sound financial proposition, they will look suspicious, smile incredulously and reply: "Why, of course you want free coinage; you are looking for a market for your silver," and frequently that is the extent of their knowledge of the question. That is a prejudice which we have to meet and combat at every stage of the contest. There was such a diversity of sentiment among the members of the Coinage Committee that a clean cut satisfactory bill could never have been reported. We have amended the "Windom bill" in such manner as to make it very much better than the original draft, and in fact, quite a step in favor of silver. But the whole committee feel that there was a very general demand for legislation on the subject, and that some bill had to be reported, in order that the matter might be fairly brought before the House. Therefore the bill has been reported pro forma with leave to each member to propose any amendment or substitute which he may desire to offer in the House. Bland and Williams have made a minority report in favor of free coinage. There were special reasons why I should not sign that report. But there are no fewer than five straight free coinage men on that committee, and if the sentiment of the House is in favor of free coinage that is the kind of a bill we will pass. We hope to get the matter before the House one week from to-day, and after a careful survey of the situation I feel very much encouraged. We can get nothing worse than a bill which will absorb our entire product of silver, and we may get something better. Anything less than free coinage will be a great disappointment to me; but nevertheless I want legislation, practical, substantial legislation—and I propose to take just all that I can get. It would be the hight of absurdity for us to refuse a substantial advantage, because we cannot get all that we want.

Your illustrations from the monetary situation in France are clear and strong. The experience of France furnishes an unanswerable argument in favor of free coinage, and I shall use it with all the ability I possess. Very sincerely your friend.

H. F. BARTINE.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflamation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-swf-ly

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with $300,000 capital, and the First National Bank with $200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

APPLE BOXES A SPECIALTY.

One of the BEST Telescopes in the world. Our facilities are unequaled, and to introduce our superior goods we will send FREE to ONE PERSON in each locality, as above. Only those who write to us at once can make sure of the chance. All you have to do in return is to show our goods to those who call—your neighbors and those around you. The beginning of this advertisement shows the small end of the telescope. The following cut gives the appearance of it reduced to

about the fiftieth part of its bulk. It is a grand, double sized telescope, as large as is easy to carry. We will also show you how you can make from $3 to $10 a day at least, from the start, without experience. Better write at once. We pay all express charges. Address, H. HALLETT & CO., Box 880, PORTLAND, MAINE.

FREE. OUR NEW Size Solid Gold Watch Worth $100.00. Best watch in the world. Perfect timekeeper. Warranted heavy, SOLID GOLD hunting cases. Both ladies' and gent's sizes, with works and cases of equal value. ONE PERSON in each locality can secure one free, together with our large and valuable line of Household Samples. These samples, as well as the watch, are free. All the work you need do is to show what we send you to those who call—your friends and neighbors and those about you—that always results in valuable trade for us, which holds for years when once started, and thus we are repaid. We pay all expens, freight, etc. After you know all, if you would like to go to work for us you can earn from $50 to $200 per week and upwards. Address, Stinson & Co., Box 113, Portland, Maine.
